

## Exercise I

Name: Manigo, Aljay Louie J

Date: September 19, 2020    Score:

**Essay.** Answer the following questions:

1. Why Art Appreciation is considered a humanities subject?

We as an individual, it is important for us to develop ourselves and the humanities refers to arts, which is the visual arts such as painting and sculpture; music, dance, and theatre or drama which is a good way to express our feelings/expressions and it helps us to mold ourselves as an individual to be better.

2. Is doing art work a skill developed by man in modern times? Explain.

Yes, because some modern artists experimented some new ways of seeing with fresh ideas when it comes about the nature of materials and functions of arts. As time flies by, a skill of a man can be developed from it.

3. What one gains from studying Humanities?

Studying Humanities can help us students to develop ourselves because it helps us to improve our critical thinking, analysis and creativity. These fundamental skills will help in our personal development that can make ourselves better to prepare in the near future.

4. Can animals produce a work of art?

Yes. I haven't seen it in front of me, but I saw a lot of videos in social media animals doing some artworks such as painting, dancing and singing. Elephants, Seals, Dolphins, Birds, Dogs are the examples of the animals that produce artworks.
